

Village of Lancaster Office of Emergency Management

FEMA and DEC work to create tools to help you understand your flood risk and better inform you to purchasing flood insurance. FEMA's Flood Insurance Rate Map (FIRM) is one of those such tools.

Or visit the [erie.gov](http://gis1.erie.gov/Geocortex/Essentials/Web/viewer.aspx?Site=FEMA&reloadkey=True) site to assess your risk with an interactive map.
